("Kelso" or the "Company"), (TSX: KLS), (NYSE American: KIQ) (the "Company") wishes to confirm that it is not aware of any material, undisclosed information related to the Company that would account for the recent increase in the market price and level of trading volume of its common shares.

About Kelso Technologies

Kelso is an engineering product development company that specializes in the development, production and distribution of proprietary service equipment used in transportation applications. Our reputation has been earned as a developer and reliable supplier of unique high performance rail tank car equipment for the handling and containment of hazardous and non-hazardous commodities during transport. All Kelso products are developed with emphasis on economic and operational advantages to customers while mitigating the impact of human error and environmental release. The Company offers specialized truck tanker equipment, rail wheel cleaning systems, fuel loading systems, military applications, first responder emergency response kits and suspension systems for motor vehicles being used in rugged outback terrains.
