President, Chief Executive Officer and Director

Whether or not you expect to attend the Meeting or any postponement or adjournment thereof, PLEASE SIGN, DATE AND RETURN THE ENCLOSED PROXY PROMPTLY IN THE ENCLOSED ENVELOPE OR VOTE BY PROXY USING THE TELEPHONE OR INTERNET BY FOLLOWING THE INSTRUCTIONS PROVIDED IN THE ACCOMPANYING FORM OF PROXY. To be effective, proxies must be received by Computershare Investor Services Inc. by 10 a.m. (PDT) on Tuesday, June 4, 2019. If you are a non-registered shareholder and receive these materials through your broker or through another intermediary, please complete and return the materials in accordance with the instructions provided to you by your broker or by other intermediary. Failure to do so may result in your common shares not being eligible to be voted by proxy at the Meeting. Your promptness in returning the proxy will assist in the expeditious and orderly processing of proxies and will ensure that your Kelso common shares are represented. Please note that registered shareholders of the Corporation may vote in person at the Meeting and any postponement or any adjournment thereof even if you have previously returned the proxy. Proxies will be counted and tabulated by Computershare Investor Services Inc., the Corporation’s registrar and transfer agent in such a manner as to protect the confidentiality of how a particular shareholder votes except where they contain comments clearly intended for management, in the case of a proxy contest, or where it is necessary to determine the proxy’s validity or to permit management and the board of directors to discharge their legal obligations to the Corporation or its Shareholders.

MANAGEMENT PROXY CIRCULAR INTRODUCTION

This Management Proxy Circular (the “**Circular**”) accompanies the Notice of Annual General (the “**Notice**”) and is furnished to shareholders (the “**Shareholders**”) holding common shares in the capital of Kelso Technologies Inc. (“**Kelso**” or the “**Corporation**”) in connection with the solicitation by the management of the Corporation of proxies to be voted at the annual general and special meeting (the “**Meeting**”) of the Shareholders to be held at 10:00 a.m. (PDT) on Thursday, June 6, 2019 at the Fairmont Hotel Vancouver, 900 West Georgia Street, Vancouver, BC, Canada or at any adjournment or postponement thereof.

Date and Currency

Unless otherwise stated, the information contained in this Circular is given as at April 30, 2019 and all dollar amounts are herein expressed as United States Dollars.

GENERAL PROXY INFORMATION

Solicitation of Proxies

This Circular is furnished in connection with the solicitation of proxies by the management of the Corporation for use at the Meeting. It is expected that the solicitation will be primarily by mail. Proxies may also be solicited personally by directors, officers or employees of the Corporation. Costs of the solicitation of proxies for the Meeting will be borne by the Corporation. In addition to the use of mail, proxies may be solicited by personal interviews, personal delivery, telephone or any form of electronic communication or by directors, officers and employees of the Corporation who will not be directly compensated therefor. The Corporation has arranged for intermediaries to forward meeting materials to beneficial holders held of record by those intermediaries and the Corporation may reimburse the intermediaries for their reasonable fees and disbursements in that regard.

Appointment of Proxies

The individuals named in the accompanying form of proxy (the “**Proxy**”) are directors or officers of the Corporation. **A SHAREHOLDER WISHING TO APPOINT ANOTHER PERSON OR COMPANY (WHO NEED NOT BE A SHAREHOLDER) TO ATTEND AND ACT FOR THE SHAREHOLDER AND ON THE SHAREHOLDER’S BEHALF AT THE MEETING HAS THE RIGHT TO DO SO, EITHER BY INSERTING SUCH PERSON’S OR COMPANY’S NAME IN THE BLANK SPACE PROVIDED IN THE PROXY, OR BY COMPLETING ANOTHER PROXY.** A Proxy will not be valid unless it is completed, dated, signed and delivered to **Computershare Investor Services Inc.**, 100 University Avenue, 8th Floor, Toronto, Ontario Canada M5J 2Y1, not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time for holding the Meeting, or is delivered to the Chair of the Meeting prior to the commencement of the Meeting. A Shareholder may also vote by proxy using the telephone or internet by following the instructions provided in the accompanying form of Proxy.

Non-Registered Shareholders

Only holders of record of common shares of the Corporation (the “**Registered Shareholders**”) or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Corporation are “non-registered” shareholders because the shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the shares. More particularly, a person is

not a Registered Shareholder in respect of shares which are held on behalf of the person (the “**Non-Registered Holder**”) but which are registered either: (a) in the name of an intermediary (an “**Intermediary**”) that the Non-Registered Holder deals with in respect of the shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans); or (b) in the name of a clearing agency (such as the Canadian Depository for Securities Limited (“**CDS**”)) of which the Intermediary is a participant. In accordance with the requirements of National Instrument 54-101 - *Communications with Beneficial Owners of Securities of a Reporting Issuer* of the Canadian Securities Administrators (“**NI 54-101**”), the Corporation has distributed copies of the Notice of Meeting, this Management Proxy Circular and the Proxy (collectively, the “**Meeting Materials**”) to the clearing agencies and Intermediaries for onward distribution to Non-Registered Holders.

Non-Registered Shareholders who object to intermediaries disclosing information about their identity and ownership in the Corporation are referred to as “objecting beneficial owners” or “**OBOs**”, and Non-Registered Shareholders who do not object to such disclosure are referred to as “non-objecting beneficial owners” or “**NOBOs**”. In accordance with the requirements of NI 54-101, the Corporation has elected to send copies of the Notice of Meeting, this Management Proxy Circular and the Proxy (collectively, the “**Meeting Materials**”) directly to NOBOs.

The Meeting Materials are being sent to both Registered Shareholders and Non-Registered Shareholders. If you are a NOBO, and the Corporation or its agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding on your behalf. By choosing to send these materials to you directly, the Corporation (and not the Intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instruction. Please return your voting instructions as specified in the request for voting instructions.

Intermediaries are required to forward the Meeting Materials to OBOs unless an OBO has waived the right to receive them. Very often, Intermediaries will use service companies to forward the Meeting Materials to OBOs. The management of the Corporation does not intend to pay for Intermediaries to forward the Meeting Materials to OBOs. An OBO will not receive the materials unless the Intermediary assumes the cost of delivery. Generally, OBOs who have not waived the right to receive Meeting Materials will either:

- a) be given a Proxy which has already been signed by the Intermediary (typically by a facsimile, stamped signature), which is restricted as to the number of shares beneficially owned by the OBO but which is otherwise not completed. Because the Intermediary has already signed the Proxy, the Proxy is not required to be signed by the OBO. In this case, the OBO who wishes to submit a Proxy should otherwise properly complete the Proxy and deliver it to Computershare Investor Services Inc. as provided above; or
- b) more typically, be given a voting instruction form which is not signed by the Intermediary, and which, when properly completed and signed by the OBO and returned to the Intermediary or its service company, will constitute voting instructions (often called a “proxy authorization form”) which the Intermediary must follow. Typically, the proxy authorization form will consist of a one-page pre-printed form. Sometimes, instead of the one-page pre-printed form, the proxy authorization form will consist of a regular printed Proxy accompanied by a page of instructions, which contains a removable label containing a bar code and other information. In order for the Proxy to validly constitute a proxy authorization form, the Non-Registered Shareholder must remove the label from the instructions and affix it to the Proxy, properly complete and sign the Proxy and return it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company.

In either case, the purpose of this procedure is to permit Non-Registered Shareholders to direct the voting of the shares that they beneficially own. Should a Non-Registered Shareholder who receives one of the above forms wish to vote at the Meeting in person, the Non-Registered Shareholder should insert the Non-Registered Shareholder’s name in the blank space provided. **In either case, Non-Registered Shareholders should carefully follow the instructions of their Intermediary, including those regarding when and where the Proxy or proxy authorization form is to be delivered.**

The Corporation is not relying on the notice-and-access delivery procedures outlined in NI 54-101 to distribute copies of Meeting Materials.

Revocation of Proxies

A Registered Shareholder who has given a Proxy may revoke it by an instrument in writing executed by the Registered Shareholder or by the Registered Shareholder's attorney authorized in writing or, if the Registered Shareholder is a company, by a duly authorized officer or attorney of the company, and delivered either to Computershare Investor Services Inc. not less than 48 hours (excluding Saturdays, Sundays and holidays) before the Meeting or any adjournment of it, or to the chair of the Meeting on the day of the Meeting or any adjournment of it. **Only Registered Shareholders have the right to revoke a Proxy. Non-Registered Holders who wish to change their vote must, in accordance with the instructions provided by the Intermediaries, arrange for their respective Intermediaries to revoke the Proxy on their behalf. A revocation of a Proxy does not affect any matter on which a vote has been taken prior to the revocation.**

Exercise of Discretion

The persons named in the form of Proxy accompanying this Circular will vote or withhold from voting the shares of the Corporation in accordance with the instructions from the Shareholder, on any ballot that may be called for. If a choice is specified with respect to any matter to be acted upon, the shares of the Corporation will be voted accordingly.

Where no choice has been specified by the Shareholder, or if both choices have been specified, the Proxy confers discretionary authority with respect to that matter upon the designated persons named in the form of Proxy. It is intended that the designated persons will vote the common shares represented by proxy in favour of each matter identified in the Proxy

The enclosed Proxy, when properly completed and delivered and not revoked, confers discretionary authority upon the persons appointed as proxyholders thereunder to vote with respect to any amendments or variations of matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting. As at the date of this Circular, management of the Corporation knows of no such amendment, variation or other matter which may be presented to the Meeting.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Except as disclosed elsewhere in this Circular, no Person has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in matters to be acted upon at the Meeting other than the election of directors. For the purpose of this paragraph, "**Person**" shall include each person: (a) who has been a director or executive officer of the Corporation at any time since the beginning of the Corporation's last financial year, (b) who is proposed as a nominee for election as a director, or (c) who is an associate or affiliate of a person included in subparagraphs (a) or (b).

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The Corporation is authorized to issue an unlimited number of common shares (the "**Common Shares**") without par value and an unlimited number of Class "A" preference shares (the "**Preference Shares**") without par value, of which 5,000,000 are designated Class "A" convertible voting preference, series 1 shares (the "**Convertible Shares**") without par value.

As of the Record Date, determined by the Board of Directors of the Corporation (the "**Board**") to be the close of business on April 30, 2019, a total of 47,170,086 Common Shares were issued and outstanding. There were no Preference Shares or Convertible Shares issued and outstanding as at the Record Date.

Each Common Share carries the right to one vote at the Meeting. The Preference Shares and the Convertible Shares are subject to the special rights and restrictions set out in the Corporation's Articles. The Preference Shares do not carry the right to vote. Holders of Convertible Shares are entitled to receive notice and to attend all shareholder meetings of the Corporation and have the right to one vote at any meeting.

Only Shareholders of record on the Record Date who either personally attend the Meeting or who complete and deliver an instrument of proxy in the manner and subject to the provisions set out under the headings "Appointment

of Proxies” and “Revocation of Proxies” will be entitled to have his or her shares voted at the Meeting or any adjournment thereof.

To the knowledge of the directors and executive officers of the Corporation, no person or company beneficially owns, directly or indirectly, or exercises control or direction over, securities carrying more than 10% of the voting rights attached to any class of voting securities of the Corporation.

BUSINESS OF THE MEETING

Financial Statements and Auditors’ Report

The Corporation’s consolidated audited financial statements (“**Financial Statements**”) for the year ended December 31, 2018 and the report of the auditors thereon will be placed before the Meeting. Copies of the Financial Statements, the auditors’ report thereon and management’s discussion and analysis (“**MD&A**”) for the year ended December 31, 2018 have been mailed to all Registered Shareholders and Non-Registered Shareholders (or beneficial shareholders) who have opted to receive such materials. The Financial Statements can also be found on the Corporation’s website at www.kelsotech.com and are also available under the Corporation’s profile on SEDAR at www.sedar.com in Canada and on EDGAR at www.sec.gov in the United States. No vote by the shareholders is required to be taken with respect to the Financial Statements.

Appointment and Remuneration of Auditors

Unless otherwise instructed, the proxies given pursuant to this solicitation will be voted for the appointment of Smythe LLP, Chartered Professional Accountants as auditors of the Corporation to hold office until the close of the next annual meeting of the Corporation, at a remuneration to be fixed by the directors of the Corporation. Smythe LLP, Chartered Professional Accountants were first appointed as the Corporation’s auditor on November 16, 2009.

ELECTION OF DIRECTORS

Advance Notice Policy

On June 5, 2013, the Shareholders approved the adoption of new articles of the Corporation (the “**New Articles**”) which replaced the then existing Articles in their entirety. The New Articles contained an Advance Notice Policy (the “**ANP**”), which includes, among other things, a provision that requires advance notice be given to the Corporation in circumstances where nominations of persons for election to the Board are made by shareholders of the Corporation. The New Articles which contain the ANP are posted on the Corporation’s website at www.kelsotech.com. As at the date of this Circular, the Corporation has not received notice of any director nominations pursuant to the ANP. Accordingly, at this time, the only persons eligible to be nominated for election to the Board at the Meeting are the below nominees.

Majority Voting Policy

In accordance with good corporate governance practices and procedures, the Board of directors of the Corporation adopted a Majority Voting Policy at a meeting of the Board on March 23, 2015. The Majority Voting Policy provides that each director of the Corporation must be elected by the vote of a majority of the Corporation’s common shares, represented in person or by Proxy, at any meeting held for the election of directors. Forms of Proxy for the election of directors will permit a shareholder to vote in favour of, or to withhold from voting, separately for each director nominee.

If any nominee for director does not receive a majority vote in favour of his or her election from the shares voted at the meeting in person or by Proxy, that director must immediately tender his or her resignation. The Corporate Governance and Nominating Committee of the Corporation will expeditiously consider whether to recommend to the Board whether or not to accept the resignation. In making this recommendation, the Corporate Governance and Nominating Committee of the Corporation may consider such extenuating circumstances as it deems appropriate including without limitation circumstances relating to the composition of the Board or the voting results.

The Board shall determine whether or not to accept the resignation within ninety days of the relevant shareholders’ meeting. The Board shall accept the resignation absent exceptional circumstances. The resignation will be effective

when accepted by the Board. A director who tenders a resignation pursuant to this policy will not participate in any meetings of the Board or any sub-committee of the Board at which the resignation is considered.

The Corporation shall promptly issue a news release with the Board’s decision, a copy of which must be provided to the Toronto Stock Exchange (the “TSX”). If the Board determines not to accept a resignation, the news release must fully state the reasons for that decision.

Nominees

The term of office of each of the present directors expires at the Meeting. The nominees for directors include each of the existing of the Corporation. The Board is recommending that the current seven directors be elected at the Meeting (collectively, the “Nominees”). The Board has assessed the skills and experience that the directors standing for election offer and is satisfied the Nominees meet the Board’s requirements. Each director elected at the Meeting will serve as a director until the next annual meeting unless he or she resigns or is otherwise removed from office earlier.

Unless authority to do so is withheld, the persons named in the accompanying Proxy intend to vote for the election of the Nominees. Management does not contemplate that any of the Nominees will be unable to serve as a director, but if that should occur for any reason prior to the Meeting, it is intended that discretionary authority will be exercised by the persons named in the accompanying Proxy to vote the Proxy for the election of any other person or persons proposed in place of any Nominee or Nominees who are unable to serve.

Information regarding each of the proposed Nominees, as at April 30, 2019, is set out below. Further information on the proposed Nominees is also found in this Circular (see page 23 for Board attendance records, pages 13 to 18 for compensation received, page 23 for memberships on other public board and page 22 for independence status. The statement as to the common shares beneficially owned, directly or indirectly, or over which control or direction is exercised by the Nominees is in each instance based upon information furnished by the Nominee concerned.

No proposed director of the Corporation is, as at the date of this Circular, or has been, within 10 years before the date of this Circular has been, a director, chief executive officer or chief financial officer of any company that:

- (a) was subject to an order that was issued while the proposed director was acting in the capacity as director, chief executive officer or chief financial officer; or
- (b) was subject to an order that was issued after the proposed director ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer.

For the purposes of the above, “**order**” means:

- (a) a cease trade order;
- (b) an order similar to access trade order; or
- (c) an order that denied the relevant company access to any exemption and securities legislation, that was in effect for a period of more than 30 consecutive days.

Bankruptcies

No proposed director of the Corporation is, as at the date of this Circular, or has been, within 10 years before the date of this Circular, a director or an executive officer of any company that, while the person was acting in that capacity, or within a year of that person ceasing to act in the capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold its assets.

No proposed director of the Corporation has, within the 10 years before the date of this Circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or became subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director.

The above information was provided by individual directors and officers of the Corporation.

No proposed director of the Corporation has been subject to:

- (a) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or
- (b) any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable security-holder in deciding whether to vote for a proposed director.

The above information was provided by individual directors of the Corporation.

Conflicts of Interest

The Corporation's directors and officers may serve as directors or officers of other companies or have significant shareholdings in other companies and, to the extent that such other companies may participate in ventures in which the Corporation may participate, the directors of the Corporation may have a conflict of interest in negotiating and concluding terms respecting the extent of such participation. In the event that such a conflict of interest arises at a meeting of the Corporation's directors, a director who has such a conflict will abstain from voting for or against the approval of such participation, or the terms of such participation. In accordance with the laws of the Province of British Columbia, the directors of the Corporation are required to act honestly, in good faith and in the best interests of the Corporation. In determining whether or not the Corporation will participate in a particular program and the interest therein to be acquired by it, the directors will primarily consider the degree of risk to which the Corporation may be exposed and the financial position at that time.

The directors and officers of the Corporation are aware of the existence of laws governing the accountability of directors and officers for corporate opportunity and requiring disclosure by the directors of conflicts of interest and the Corporation will rely upon such laws in respect of any directors' and officers' conflicts of interest or in respect of any breaches of duty by any of its directors and officers. All such conflicts will be disclosed by such directors or officers in accordance with the *Business Corporations Act* (British Columbia) ("BCBCA").

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis describes the compensation philosophy, objectives and practices for the Corporation's Named Executive Officers as identified in the "Summary Compensation Table" below. For the purposes of this disclosure, "Named Executive Officer" means: (a) each Chief Executive Officer, (b) each Chief Financial Officer, (c) each of the three most highly compensated executive officers of the Corporation, including any of its subsidiaries, or the three most highly compensated individuals acting in a similar capacity, other than the Chief Executive Officer and Chief Financial Officer, at the end of the most recently completed financial year whose total compensation was, individually, more than CDN\$150,000 for that financial year; and (d) each individual who would be a Named Executive Officer under paragraph (c) but for the fact that the individual was neither an executive officer of the Corporation or its subsidiaries, nor acting in a similar capacity, at the end of that financial year.

During the financial year ended December 31, 2018, the Corporation had three (3) Named Executive Officers (each, a "NEO", and collectively, the "NEOs"), being James R. Bond, the President and Chief Executive Officer of the Corporation, Richard Lee, the Chief Financial Officer of the Corporation, and Tony Andrukaitis, the Chief Operating Officer of the Corporation.

Role of the Compensation Committee and Compensation Governance

The role of the Compensation Committee is to assist the Board in fulfilling its responsibilities with respect to compensation issues. The Compensation Committee is comprised of three directors, Peter Hughes, Paul Cass and Laura Roach, all of whom are independent. The Compensation Committee is required to meet at least annually. The Compensation Committee evaluates the NEOs performance and establishes executive and senior officer compensation, determines the general compensation structure, policies and programs of the Corporation, including the extent and level of participation in incentive programs, and makes recommendations to the Board for its consideration and approval. The Compensation Committee has also been mandated to review the adequacy and form of the compensation of directors and to ensure that such compensation realistically reflects the responsibilities and risk involved in being an effective director as well as the risk any such compensation policy or practice would have a material adverse effect on the Corporation.

In making compensation decisions, the Compensation Committee strives to find a balance between short-term and long-term compensation and cash versus equity incentive compensation. Base salaries and discretionary cash bonuses primarily reward recent performance and incentive stock options encourage NEOs to continue to deliver results over a longer period of time and serve as a retention tool. The annual salary for each NEO is determined by the Compensation Committee based on the level of responsibility and experience of the individual, the relative importance of the position to the Corporation, the professional qualifications of the individual and the performance

of the individual over time. The NEOs' performances and salaries are to be reviewed periodically on the anniversary of their employment with the Corporation. Increases in salary are to be evaluated on an individual basis and are performance and market-based. Except for named executive officers whose employment agreements provide a formula for calculation of the amount of cash bonuses, the amount and award of cash bonuses to key executives and senior management is discretionary, dependent on, among other factors, the financial performance of the Corporation and the position of a participant.

All members of the Compensation Committee have direct experience which is relevant to their responsibilities as Compensation Committee members. Mr. Hughes has 30 years' business experience including senior-level executive and director positions in both private and public companies. Mr. Cass has held several positions at Ballard Power Systems Inc. including Vice President and Chief Operations Officer (2014 to March 31, 2016) and other senior level executive positions since 2009. Ms. Roach is a partner at Albin Roach, a law firm located in Collin County, Texas. Ms. Roach has the role of operational leader at the law firm. All of the Compensation Committee members have a good understanding of compensation programs. They also have good financial understanding which allows them to assess the costs versus benefits of compensation plans. The members combined experience in the resource and management sectors provides them with the understanding of the Corporation's success factors and risks, which is very important when determining metrics for measuring success.

Role of Management in Determining Compensation

The accountability for decisions on executive remuneration is clearly within the mandate of the Compensation Committee, but management has a key role in helping support the committee in fulfilling its obligations. For example, the CEO and other senior executives make recommendations to the Compensation Committee regarding executive officer base salary adjustments, stock-based grants and discretionary bonuses. The Compensation Committee reviews the basis for these recommendations and can exercise its discretion in modifying any of the recommendations prior to making its recommendations to the Board. The CEO does not make a recommendation to the Compensation Committee with respect to his own remuneration package.

Overview of Compensation Philosophy

The Corporation does not have a formal compensation program. The Corporation's core compensation philosophy is to pay our executive officers competitive levels of compensation that best reflect their individual responsibilities and contributions to the Corporation, while providing incentives to achieve our business and financial objectives.

The Corporation's compensation structure is designed to reward performance and to be competitive with the compensation arrangements of other Canadian companies of similar size and scope of operations. A number of factors are considered when determining NEO compensation including, the overall financial and operating performance of the Corporation, the NEOs individual performance and contribution to the benefit of the Corporation, the individual NEOs responsibilities and length of service, levels of compensation provided by industry competitors, and the long-term interests of the Corporation and its shareholders.

In 2018 each NEOs' compensation package consisted of a base salary, incentive stock options and a bonus plan whereby 10% of the Corporation's annual net income before taxes and share-based payments would be equally distributed to the NEOs. At this time, the Board has not established any benchmark or performance goals that the NEOs must achieve in order to maintain their respective positions as NEOs with the Corporation.

Elements of Compensation

Compensation for the NEOs is composed primarily of three components; namely, base salary, participation in the Corporation's incentive stock option plan, and short-term incentive compensation in the form of discretionary performance bonuses. Other benefits do not form a significant part of the remuneration package of any of the NEOs. In most cases, employment benefits, health care and life insurance are provided in a manner which is appropriate to the country of employment.

Each element of the Corporation's executive compensation program is described in more detail below.

Base Salaries

An NEOs base salary is intended to remunerate the NEO for discharging job responsibilities and reflects the executive's performance over time. Individual salary adjustments take into account performance contributions in connection with their specific duties. The base salary of each executive officer is recommended by the Compensation Committee to the Board for approval based on an assessment of his sustained performance and consideration of competitive compensation levels for the markets in which the Corporation operates. In making its recommendations to the Board, the Compensation Committee also considers the particular skills and experience of the individual. The base salaries of executive officers are reviewed annually. As payment of base salaries does not depend on the performance of any specific targets or goals it is not viewed as "at risk" compensation.

Long Term Incentive Compensation – Stock Options

The stock option component of an NEOs compensation, which, at the discretion of the Board, can include a vesting element to ensure retention, serves to both motivate the executive toward increasing share value and to enable the executive to share in the future success of the Corporation and is reviewed as "at risk". Individual stock options are granted by the Board on the recommendation of senior management, in the case of employees, and by the Compensation Committee, in the case of executive officers, including the Chief Executive Officer. Options are normally awarded by the Board upon the commencement of an individual's employment with the Corporation based on the level of responsibility within the Corporation. Additional option grants may be made periodically to ensure that the number of stock options granted to any particular individual is commensurate with the individual's level of ongoing responsibility within the Corporation. In considering additional grants, a number of factors are considered including, the role the individual plays in the Corporation, the number of stock options an individual has been granted, the exercise price and the value of the options and the term remaining on those options.

Short Term Incentive Compensation – Discretionary Cash Bonuses

As an additional incentive, the Corporation had management bonus agreements with the three NEOs, whereby 10% of the annual net income of the Corporation, before taxes and share-based payments, if any, would be equally distributed to the NEOs.

The Corporation may award additional discretionary cash bonuses to executive officers and employees of Corporation from time to time. Other than with respect to the NEOs, the amount of the bonus that each individual may be eligible for is not set in relation to any formula or specific criteria, but is the result of a subjective determination of the Corporation's performance, overall industry conditions, as well as the individual's performance and his or her contribution to overall corporate goals. The payment of bonuses is subject to the final approval of the Board and the Board has the discretion to amend or veto bonuses in its sole discretion. This form of compensation is "at risk".

Analysis of Elements

Base salary is used to provide the named executive officers a set amount of money during the year with the expectation that each NEO will perform his responsibilities to the best of his ability and in the best interests of the Corporation.

The Corporation considers the granting of incentive stock options to be a significant component of executive compensation as it allows the Corporation to reward each NEO's efforts to increase value for shareholders without requiring the Corporation to use cash from its treasury. Stock options are generally awarded to directors, officers, consultants and employees at the commencement of employment and periodically thereafter. The terms and conditions of the Corporation's stock option grants, including vesting provisions and exercise prices, are governed by the terms of the Corporation's stock option plan.

As an additional incentive, the Corporation has management bonus agreements with the NEOs whereby 10% of the annual net income before taxes and share-based payments would be equally distributed to the NEOs.

Compensation Benchmarking

In May of 2015, the Compensation Committee engaged an external consultant, Roger Gurr & Associates to assess the market competitiveness of the Corporation's Executive and Director compensation (the "Gurr Report") using a comparator group of a similar size in terms of market cap, revenues and production activities.

The Gurr Report concluded that the NEO's annual salaries were significantly lower than median or typical of the market. Total cash compensation was slightly higher due to the bonus paid during the year end 2014, which is based on a percentage of net income. The Gurr Report recommended that stock options should be provided annually to management and to directors and selected managers as justified. The Gurr Report recommended that stock options should have a term of 5 years and vesting provisions, one third at issuance and one third on each of the next two anniversaries.

The Compensation Committee took the Gurr Report under advisement and made recommendations to the Board when the NEO's Professional Services Agreements expired on December 31, 2016 and new Professional Services Agreements were entered into on January 1, 2017. For the terms of the Professional Service Agreements for the NEO's see "Termination and Change of Control Benefits" herein.

Performance Graph

As of market open on May 22, 2014 the Corporation's shares were listed for trading on the TSX and delisted from the TSX-V as of market close on May 21, 2014. The trading symbol remained "KLS".

The following graph compares the yearly percentage change in the cumulative total shareholder return on the TSX-Venture Exchange for the year ended 2014 and for the Toronto Stock Exchange for the years ending 2015 through 2018 for CDN\$100 invested in Shares of the Corporation on December 31, 2014. This is compared against the cumulative total shareholder return of the S&P TSX-V for the financial year ended 2014 and the S&P/TSX Composite Index for the financial years ended 2015 through 2018.

The Share performance as set out in the graph does not necessarily indicate future price performance.

As reflected in the performance graph above, the market performance of the Corporation's Shares was strong up to 2015 and has followed global market trends for the last four years.

The Corporation does not directly tie increases or decreases in the level of executive compensation year over year, if any, to the increases or decreases in the market performance of the Shares. That being said, the value of any equity component of executive compensation from time to time will naturally fluctuate along with any fluctuation in the market performance of the Shares.

Retirement Benefits

The Corporation does not have formal pension plans for its executives. However, from time to time, in order to attract and retain the right level of skill, expertise and talent, the Corporation may structure the overall compensation arrangements of one or more of its executives to include retirement compensation arrangements.

Director and Officer Hedging Prohibition

The Corporation's Board and executive officers are not permitted to purchase financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director.

⁽¹⁾ The value of the stock option grants has been determined using the Black-Scholes models on the date of grant and is consistent with the determinations used for financial statement purposes. The key assumptions used for this determination can be found in the notes to the 2018 consolidated financial statements. The amount presented in the table represents the fair value of the vested and unvested portion of the options granted in the period. For accounting purposes, the fair value of the award is amortized over the applicable vesting period. It should be recognized that the actual future value will be based on the difference between the market value at time of exercise and the exercise price. Therefore, the value attributed to the stock options under the Black-Scholes model does not necessarily correspond to the actual future value that will be realized.

⁽²⁾ Other than as set out in column (d), perquisites have not been included as they do not reach the prescribed threshold of the lesser of \$CDN 50,000 and 10% of total salary for the financial year.

⁽³⁾ The Corporation has management bonus agreements whereby 10% of the annual income before taxes, amortization and share-based expense is equally distributed to management.

Outstanding share-based awards and option-based awards

The following table sets forth option-based awards for each of the NEOs outstanding as at the year ended December 31, 2018. There were no outstanding share-based awards.

⁽¹⁾ In-the-Money Options are those where the market value of the underlying securities as at the end of the most recent fiscal year end exceeds the option exercise price. Calculated based on the difference between the market value of the securities underlying the options as at December 31, 2018 (being CAD\$0.58) and the exercise price of the option. The value of unexercised in-the-money options is in CAD dollars and has been converted to US dollars using the Bank of Canada rate on December 31, 2018 of USD\$0.7330. The remaining outstanding options may never be exercised and actual gains, if any, on exercise will depend on the value of the common shares on the date of exercise.

Incentive Plan Awards – Value Vested or Earned During the Year

The following table sets forth details of the value vested or earned for all incentive plan awards by each NEO during the year ended December 31, 2018.

⁽¹⁾ Calculated using the closing price of the common shares on the TSX on the dates on which stock options vested during 2018 or if the TSX is not open on such date, the closing price of the common shares on the TSX on the last date that the TSX is open preceding the vesting date and subtracting the exercise price of in-the-money stock options. No value was attributed to the stock options which vested in 2018 as the option exercise price was well above the stock trading price.

There was no re-pricing of stock options under the stock option plan or otherwise during the Corporation's completed financial year ended December 31, 2018.

DIRECTORS' COMPENSATION

Each independent director receives a monthly retainer of \$1,000 per month and the Lead Director receives \$2,500 per month. No fees are paid for attendance at meetings. Also, pursuant to the 2014 Option Plan, the Corporation may, from time to time, grant options to purchase Common Shares to directors.

The Gurr Report recommended that independent Directors receive an annual issuance of 50,000 stock options with a term of 5 years and vesting provisions, one third at issuance and one third on each of the next two anniversaries. The Compensation Committee took into consideration the Gurr Report and recommended to the Board, who approved the Compensation Committee recommendations, all future option issuances will have a term of five years and vest 1/3 at the first anniversary of the grant, 1/3 on the second anniversary of granting and 1/3 on the third anniversary of granting.

A director who is an employee of the Corporation does not receive director's fees.

Directors are also reimbursed for out-of pocket expenses incurred in attending meetings of the Board of committee meetings or otherwise on Corporation business.

Director Compensation Table

No director was compensated either directly or indirectly by the Corporation or its subsidiaries during the most recently completed financial year for services as consultants or experts.

The following table provides details of compensation paid to the directors, other than the NEOs, during the Corporation's financial year ended December 31, 2018:

Other than as set forth in the foregoing, no director of the Corporation who is not an NEO has received, during the most recently completed financial year, compensation pursuant to:

- any standard arrangement for the compensation of directors for their services in their capacity as directors, including any additional amounts payable for committee participation or special assignments;

- any arrangement for the compensation of directors for services as consultants or expert.

⁽¹⁾ Calculated using the new TSX prescribed methodology that became effective for issuers with fiscal years ending on or after October 31, 2018 – calculated by dividing stock options granted in the applicable fiscal year by the weighted average number of common shares outstanding over the applicable fiscal year.

The 2014 Stock Option Plan

Pursuant to the policies of the TSX, the Corporation is required to adopt stock option plan prior to granting incentive stock options. At the Corporation's annual and special meeting of shareholders held on June 8, 2017, shareholders ratified their approval to the 2014 Option Plan and all unallocated options, rights or other entitlements issuable thereunder.

The purpose of the 2014 Option Plan is to ensure that the Corporation is able to provide an incentive program for directors, officers, employees and persons providing services to the Corporation (each, an "Optionee") that provides enough flexibility in the structuring of incentive benefits to allow the Corporation to remain competitive in the recruitment and maintenance of key personnel.

The 2014 Option Plan is administered by the Board of the Corporation which shall, without limitation, have full and final authority in its discretion, but subject to the express provisions of the 2014 Option Plan, to interpret the 2014 Option Plan, to prescribe, amend and rescind rules and regulations relating to it and to make all other determinations deemed necessary or advisable for the administration of the 2014 Option Plan, subject to any necessary shareholder or regulatory approval. The Board may delegate any or all of its authority with respect to the administration of the 2014 Option Plan. The Board shall determine to whom options shall be granted, the terms and provisions of the respective option agreements, the time or times at which such options shall be granted and vested, and the number of common shares to be subject to each option.

The material terms of the 2014 Option Plan is qualified in its entirety by the full text of the 2014 Option Plan and can be summarized as follows:

- (a) stock options may be issued to directors, senior officers, employees, consultants, affiliates or subsidiaries or to employees of companies providing management or administrative services to the Corporation;
- (b) the Board (or any committee delegated by the Board) in its sole discretion will determine the number of options to be granted to any optionee, the optionees to receive the options, and term of expiry which will not exceed 10 years from the date the option is granted;
- (c) the options will be non-assignable except that they will be exercisable by the personal representative of the option holder in the event of the option holder's death;
- (d) the number of Shares reserved for issuance to any one person pursuant to options granted under the 2014 Option Plan or otherwise, shall not exceed the maximum percentage of the issued and outstanding Shares at the time of granting of the options, if any, as may be prescribed by the policies of the Exchange (as defined in the 2014 Option Plan);

- (e) the aggregate number of Shares which may be subject to issuance pursuant to options granted under 2014 Option Plan shall not exceed the equivalent of 10% of the total issued and outstanding Shares of the Corporation at the time of grant;
- (f) the exercise price of an option granted under the 2014 Option Plan shall not be less than the Discounted Market Price (as defined in the 2014 Option Plan) if the Corporation's shares are traded on the TSX Venture Exchange, and the Market Price (as defined in the 2014 Option Plan), if the Corporation's shares are traded on the TSX Exchange, provided that:
 - (i) if options are granted within 90 days of a distribution by a prospectus, the minimum exercise price of those options will be the greater of the Discounted Market Price and the per share price paid by the public investors for Shares acquired under the distribution,
 - (ii) the 90-day period begins on the date a final receipt is issued for the prospectus,
 - (iii) for unit offerings, the minimum option exercise price will be the 'base' (or imputed) price of the shares included in the unit, and
 - (iv) for all other financings, the minimum exercise price will be the average price paid by the public investors;
- (g) if an optionee ceases to be a director, officer, consultant or employee for any reason other than death, his option shall terminate as specified by the Board at the time of granting the option and all rights to purchase shares under such option shall cease and expire and be of no further force or effect. All options must terminate within three months of the date of such cessation;
- (h) the Board may, subject to any required regulatory approval but without shareholder approval, make amendments to an option or the 2014 Option Plan which include, but are not limited to:
 - (i) change the vesting provisions of an option or the 2014 Option Plan,
 - (ii) change the termination provisions of an option or the 2014 Option Plan, provided there is no extension beyond the original expiry date,
 - (iii) add a cashless exercise provision, payable in cash or securities, which provides for a full deduction of the number of underlying securities from the Plan reserve, or
 - (iv) make other amendments of a "housekeeping" or non-material nature with requisite regulatory approval.

Notwithstanding the foregoing, the approval of the shareholders of the Corporation shall be required for any of the following amendments to an option or the 2014 Option Plan:

- (i) the limitations on grants of options to insiders and the number of shares that may be reserved for issuance to insiders,
- (ii) the maximum number or percentage of outstanding shares that may be reserved for issuance upon exercise of options under the 2014 Option Plan,
- (iii) any amendment which would permit options granted under the 2014 Option Plan to be transferable, other than for estate settlement purposes, or
- (iv) any amendment to the amendment provisions already voted upon by shareholders.

Subject to the above paragraph, with the consent of the affected optionees, the Board may amend or modify any outstanding option in any manner to the extent that the Board would have had the authority to initially grant such award as so modified or amended, including without limitation, to change the date or dates as of which an option becomes exercisable, subject to the prior approval of the relevant stock exchanges, if required for such amendment or modification.

Any reductions in the exercise price or extension of the term of options granted to insiders will require approval of the shareholders of the Corporation excluding votes of securities held by the insiders benefiting from such amendment.

- (i) if the Shares are listed on the TSX Exchange options shall not be granted under the 2014 Option Plan or securities be made issuable under any other share compensation arrangement which could result in:

- (i) the number of common shares issuable to insiders exceeding 10% of the issued and outstanding shares at the time of such grant; and
 - (ii) the number of common shares issued within any one-year period pursuant to the exercise of options and any other share compensation arrangement to insiders, exceeding 10% of the issued and outstanding shares;
- (j) shares will not be issued unless fully paid and options granted will be fully vested on the date of grant; options granted to consultants providing investor relations services will be subject to vesting provisions as per the policies of the Exchange, if applicable;
 - (k) every option granted under the 2014 Option Plan shall be evidenced by a written agreement between the Corporation and the optionee;
 - (l) any consolidation or subdivision of Common Shares will be reflected in an adjustment to the Options; and
 - (m) any reduction in exercise price of options granted to the Corporation's insiders will be subject to approval of disinterested shareholders of the Corporation.

If at any time the expiry of the term of an option should be determined to occur either during a period in which the trading of common shares by the Optionee is restricted under the insider trading policy or other policy of the Corporation or within ten business days following such a period, then the expiry date (and the option term) of such option shall be automatically extended to the tenth trading day following the date the relevant black-out period or other trading restriction imposed by the Corporation is lifted, terminated or removed.

The Directors and Senior Management are eligible to participate in the 2014 Option Plan. The Corporation does not provide any financial assistance to participants in order to facilitate the purchase of common shares under the 2014 Option Plan.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

No current or former director, executive officer or employee, proposed nominee for election to the Board, or associate of such persons is, or has been, indebted to the Corporation since the beginning of the most recently completed financial year of the Corporation and no indebtedness remains outstanding as at the date of this Management Proxy Circular.

None of the directors or executive officers of the Corporation is or, at any time since the beginning of the most recently completed financial year, has been indebted to the Corporation or its subsidiaries. None of the directors' or executive officers' indebtedness to another entity is, or at any time since the beginning of the most recently completed financial year, has been the subject of a guarantee, support agreement, letter of credit or other similar arrangement or understanding provided by the Corporation or its subsidiary, if any.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Other than as described elsewhere in this Management Proxy Circular, no informed person of the Corporation, proposed director of the Corporation or any associate or affiliate of any informed person or proposed director of the Corporation has had any material interest, direct or indirect, in any transaction since the beginning of the Corporation's most recently completed financial year or in any proposed transaction which has materially affected or would materially affect the Corporation or any of its subsidiaries, if any.

"Informed person" means:

- (d) the Corporation has purchased, redeemed or otherwise acquired any of its securities, for so long as it holds any of its securities.

MANAGEMENT CONTRACTS

No management functions of the Corporation were, to any substantial degree, performed by a person other than the directors or executive officers of the Corporation.

CORPORATE GOVERNANCE

The Corporation is listed on the TSX and discloses its corporate governance practices using the disclosure requirements in National Instrument 58-101, *Disclosure of Corporate Governance Practices* (“**NI 58-101**”) that apply to issuers listed on the TSX. The Corporation’s statement of corporate governance practices is made with reference to National Policy 58-201, *Corporate Governance Guidelines* and NI 58-101 (collectively, the “**Governance Guidelines**”) which are initiatives of the Canadian Securities Administrators (“**CSA**”). The corporate governance practices of the Corporation also conform to the TSX corporate governance guidelines, which have essentially been supplanted by the Governance Guidelines.

Board Governance

The Board has the responsibility for the overall stewardship of the conduct of the business of the Corporation and the activities of management. Management is responsible for the day-to-day conduct of the business. The Board’s fundamental objectives are to enhance and preserve long-term shareholder value, and to ensure the Corporation meets its obligations on an ongoing basis and that the Corporation operates in a reliable and safe manner. In performing its functions, the Board considers the legitimate interests that its other stakeholders, such as employees, customers and communities, may have in the Corporation. In overseeing the conduct of the business, the Board, through the Chief Executive Officer, sets the standards of conduct for the Corporation.

The Board operates by delegating certain of its authorities to management and by reserving certain powers to itself. The Board retains the responsibility for managing its own affairs including selecting nominating candidates for election to the Board and constituting committees of the Board. Subject to the Articles and By-Laws of the Corporation the Board may constitute, seek the advice of and delegate powers, duties and responsibilities to committees of the Board.

Board Mandate

The Board has a written mandate, which is available on the Corporation’s website at www.kelsotech.com, which includes responsibility to supervise and evaluate management, to oversee the conduct of the Corporation’s business, to set policies appropriate for the business of the Corporation and to approve corporate strategies and goals. The Board is to carry out its mandate in a manner consistent with the fundamental objective of enhancing shareholder value. In discharging its duty of stewardship over the Corporation, the Board expressly undertakes the following specific duties and responsibilities: (i) adopting, supervising and providing guidance on the Corporation’s strategic planning process; (ii) identifying the principal risks of the Corporation’s business and ensuring the implementation of appropriate internal control and management information systems to effectively monitor and manage those risks with a view to the long-term viability of the Corporation and achieving a proper balance between the risks incurred and the potential return to the Corporation’s shareholders; (iii) ensuring that the Corporation has management of the highest calibre and maintaining adequate and effective succession planning for senior management; (iv) placing limits on management’s authority; (v) overseeing the integrity of the Corporation’s internal control and management information systems; and (vi) overseeing the Corporation’s communication policy with its shareholders and with the public generally.

Composition of the Board

The Board is currently comprised of seven (7) directors, five (5) of whom are “independent” directors within the meaning of the Governance Guidelines. A director is “independent” if he is independent of management and has no direct or indirect relationship with the Corporation which could, in the view of the Board, be reasonably expected to interfere with the exercise of the member’s independent judgment.

The Board has considered the relationship of each director to the Corporation. At the date of this Management Proxy Circular, two of the Corporation's directors are not considered to be independent. Messrs. Bond and Andrukaitis were not independent because of their current management positions with the Corporation. Messrs. Hughes, Dyer, Cass and Crews, as well as Ms. Roach are considered to be independent.

Although Messrs. Bond and Andrukaitis are not considered to be independent within the meaning of the Governance Guidelines, the Board has recently instituted a practice whereby at the conclusion of each regularly scheduled meeting of the Board, the Corporation's independent directors may request an in-camera session at which non-independent directors and members of management are not in attendance.

Position Descriptions

The Board has adopted a written position description for each of the Chairman/Lead Director, Chief Executive Officer, a Mandate for the board of directors and an individual director mandate. All of which are available on the Corporation's website at www.kelsotech.com.

Orientation and Education

Under its mandate, the Corporate Governance and Nominating Committee is responsible for developing and implementing an orientation program for new directors, where necessary. The Board briefs all new directors with respect to the Corporation's operations, information on the role of the board and each of its committees, industry information, corporate governance related materials and other information. Each director is responsible to maintain the skills and knowledge necessary to meet his or her obligations as a director of the Corporation.

Trips to where the Corporation's operations are located are arranged for directors from time to time so they have an opportunity to meet operational management and site personnel.

Board members are encouraged to communicate with management and auditors, to keep themselves current with industry trends and development, and to attend related industry seminars. Board members have full access to the Corporation's records.

Board Diversity

The Corporation recognizes that improving diversity on the Board and among its senior executives presents the Corporation with an opportunity to develop a competitive advantage by ensuring that the Corporation appeals to potential employees from the broadest possible talent pool. The focus always has been, and will continue to be, to recruit and appoint the most qualified individuals.

The Corporation has not adopted a formal written policy on the representation of women on the Board or in senior management, as the Board does not believe that quotas or strict rules will necessarily result in the identification or selection of the best candidates. Rather the Corporation is committed to recruiting and selecting directors and executive officers who are the most qualified to perform the requirements of each position. The Corporation seeks to obtain the best possible candidate available, having regard to the current needs of the Corporation, while recognizing the benefits to the Corporation of advancing the principles of diversity in all its aspects, including gender. In the context of the foregoing, the Corporation does give consideration to the level of representation of women on the board of directors or in executive officer positions when making director or executive officer nominations and appointments. The Corporation currently has one female Board member.

Director Retirement Policy and Term Limits

The Board has not adopted a retirement policy or limits regarding the time a director can serve. The following sets out the current tenure for the Corporation's seven nominated directors:

<u>Number of Directors</u>	<u>Tenure (Years)</u>
1	Nine
1	Eight
1	Seven
1	Four
2	Two
1	One

The Board recognizes that term limits can ensure Board refreshment and new perspectives. However, the Corporation's long serving directors have significant in-depth knowledge of the Corporation and its business and are highly valued for their expertise. They can provide historical context for consideration in corporate strategic decision making and have industry connections which are very important to the Corporation. The Board believes the risk of imposing director term limits and thereby losing long serving directors who have in-depth knowledge and an intricate understanding of the Corporation's business would not be in the best interest of the Corporation or its shareholders.

Ethical Business Conduct

The Board has adopted a formal written Code of Business Conduct and Ethics (the "**Code of Conduct**") for its directors, officers and employees.

Individuals governed by the Code of Conduct are required to disclose in writing all business, commercial or financial interests or activities which might reasonably be regarded as creating an actual or potential conflict with their duties. Individuals must avoid all situations in which their personal interest conflicts or might conflict with their duties to the Corporation or with the economic interest of the Corporation. All business transactions with individuals, corporations or other entities that could potentially be considered, directly or indirectly, a related party, must be approved by the Board regardless of the amount involved.

Directors, officers and employees are encouraged to report violations of the Code of Conduct on a confidential and, if preferred, anonymous basis, in accordance with the complaint procedure set out in the Code of Conduct or the Corporation's whistleblower procedures. The Audit Committee may request special treatment for any complaint, including the involvement of the Corporation's external auditors or outside counsel or other advisors. All complaints

are required to be documented in writing by the person(s) designated to investigate the complaint, who shall report forthwith to the Chair of the Audit Committee. On an annual basis, or otherwise upon request from the Board, the Code of Conduct requires the Chair of the Audit Committee to prepare a written report to the Board summarizing all complaints received during the previous year, all outstanding unresolved complaints, how such complaints are being handled, the results of any investigations and any corrective actions taken.

A copy of the Corporation's Code of Conduct can be found on the Corporation's website at www.kelsotech.com and is also available under the Corporation's profile on SEDAR at www.sedar.com in Canada and on EDGAR at www.sec.gov in the United States

Corporate Governance and Nominating Committee

The purpose of the Corporate Governance and Nominating Committee is to provide a focus on corporate governance that will enhance corporate performance, and to ensure on behalf of the Board and Shareholders that the Corporation's corporate governance system is effective in the discharge of its obligations to the Corporation's shareholders.

The Corporate Governance and Nominating Committee also has the responsibility of proposing nominees for director. The Committee considers the competencies and skills that the Board as a whole should possess, the competencies and skills of existing Board members and the competencies and skills of proposed new Board members. The Committee members utilize their extensive knowledge of the industry and personal contacts to identify potential nominees that possess the desired skills and competencies.

In proposing any candidate for election to the Board, both the Corporate Governance and Nominating Committee and the Board seek to obtain the best possible candidate available, having regard to the current needs of the Board, while recognizing the benefits to the Corporation and its Board of advancing the principles of diversity in all its aspects when determining the composition of the Board. In particular, the Corporate Governance and Nominating Committee and the Board consider the level of representation of women on the Board when identifying and nominating candidates for election or re-election to the Board. When a vacancy occurs on the Board, or the need to add a new Board member is perceived to exist, the Corporate Governance and Nominating Committee will first assess the number and proportion of current directors who are women. Depending on the result of that initial assessment, the Corporate Governance and Nominating Committee takes active steps to seek out potential candidates who are female and gives close consideration to the background, characteristics and capabilities of the female candidates prior to making a final recommendation to the Board. The Corporation has not adopted a formal written policy on the representation of women on the Board, as the Board does not believe that quotas or strict rules will necessarily result in the identification or selection of the best candidates. While the Corporation takes active steps to seek out female candidates to fill existing vacancies, the Board is of the view that it would not be beneficial to the Corporation to impose artificial deadlines for that purpose, or to increase the size of the Board for the sole purpose of adding a director from any specific gender or identity group. The Corporation currently has one female Board member. The Board is also mindful of the potential advantages to broadening the diversity of the Board with reference to factors other than gender and does not wish to constrain itself to considering only one particular factor when conducting searches for Board candidates.

The duties and responsibilities of the Corporate Governance and Nominating Committee include, without limitation, the following:

- (a) to develop and monitor the Corporation's overall approach to corporate governance issues and, subject to approval by the Board, to implement and administer a system of corporate governance which reflects superior standards of corporate governance practices;
- (b) to report annually to the Corporation's Shareholders, through the Corporation's annual management proxy circular or annual report to Shareholders, on the Corporation's system of corporate governance and the operation of its system of governance;
- (c) to analyze and report annually to the Board the relationship of each director to the Corporation as to whether such director is a related director or an unrelated director; and
- (d) to advise the Board or any of the committees of the Board of any corporate governance issues which the Corporate Governance and Nominating Committee determines ought to be considered by the Board or any such committee.

The Corporation has adopted a formal written mandate for the Corporate Governance and Nominating Committee. The mandate provides that the Corporate Governance and Nominating Committee shall consist of at least three members of the Board, all of whom shall be “independent” within the meaning of NI 58-101. During the most recently completed financial year, the Corporate Governance and Nominating Committee members were Messrs. Dyer and Crews and Ms. Roach, all of whom are independent.

The Board appoints the members of the Corporate Governance and Nominating Committee for the ensuing year at its organizational meeting held in conjunction with each annual general meeting of the Shareholders of the Corporation. The Board may at any time remove or replace any member of the Corporate Governance and Nominating Committee and may fill any vacancy in the committee.

The Corporate Governance and Nominating Committee meets regularly each year on such dates and at such locations as the Chair of the committee determines. The Corporate Governance and Nominating Committee has access to such officers and employees of the Corporation and to such information respecting the Corporation and may engage independent counsel and advisors at the expense of the Corporation, all as it considers to be necessary or advisable in order to perform its duties and responsibilities.

AUDIT COMMITTEE DISCLOSURE

National Instrument 52-110F1 *Audit Committees Information Required in an AIF* (“**NI 52-110**”) requires the Corporation to disclose annually in its Annual Information Form (“**AIF**”) certain information concerning the constitution of its Audit Committee and its relationship with its independent auditor. The Corporation chooses to comply with the requirement to file an AIF by filing a Form 20-F – Annual Report Pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934 and disclose the information required by NI 52-110 in this Circular. A copy of the Corporation’s Form 20-F dated April 1, 2019 is available on the Corporation’s website at www.kelsotech.com and is also available under the Corporation’s profile on SEDAR at www.sedar.com in Canada and on EDGAR at www.sec.gov in the United States.

Audit Committee Charter

The Corporation’s Audit Committee is governed by an audit committee charter, the text of which is attached as Schedule “A” to this Circular.

The principal purpose of the Audit Committee is to ensure that the Corporation’s management has designed and implemented an effective system of internal financial controls, to review and report on the integrity of the consolidated financial statements of the Corporation and to review the Corporation’s compliance with regulatory and statutory requirements as they relate to financial statements, taxation matters and disclosure of material facts on financial and tax related matters.

The Corporation has adopted a formal written charter for the Audit Committee, which is available on the Corporation’s website at www.kelsotech.com. The charter provides that the Audit Committee shall consist of at least three members of the Board, all of whom shall be “independent” within the meaning of NI 52-110. NI 52-110 provides that a member of an audit committee is “independent” if the member has no direct or indirect relationship with the issuer, which could, in the view of the issuer’s board of directors, reasonably interfere with the exercise of the member’s independent judgment. During the most recently completed financial year, the Audit Committee was composed of three (3) directors: Messrs. Dyer, Crews and Cass. All of the members of the Audit Committee are independent.

The Audit Committee meets a minimum of four times a year, including the review of the interim and annual financial statements prior to their submission to the Board. The Audit Committee has direct communication channels with internal personnel responsible for financial statement preparation and with the Corporation’s external auditors. The Audit Committee may also engage independent counsel or other advisors at the expense of the Corporation, all as it considers to be necessary or advisable in order to perform its duties and responsibilities.

The Board appoints the members of the Audit Committee for the ensuing year at its organizational meeting held in conjunction with each annual general meeting of the Corporation’s Shareholders. The Board may at any time remove or replace any member of the Audit Committee and may fill any vacancy in the committee.

Compensation Committee

The principal purpose of the Compensation Committee is to implement and oversee compensation policies approved by the Board. The duties and responsibilities of the Compensation Committee include, without limitation, the following:

- (a) to recommend to the Board compensation policies and guidelines for the Corporation; and
- (b) to review and approve corporate goals and objectives relevant to the compensation of the Chief Executive Officer and, in light of those goals and objectives, to recommend to the Board the annual salary, bonus and other benefits, direct and indirect, of the Chief Executive Officer and to approve compensation for all other designated officers of the Corporation, after considering the recommendations of the Chief Executive Officer, all within the human resources and compensation policies and guidelines approved by the Board.

The Corporation has adopted a formal written charter for the Compensation Committee, which is available on the Corporation's website at www.kelsotech.com. The charter provides that the committee shall consist of at least three members of the Board, a majority of whom shall be "independent" within the meaning of the Governance Guidelines. During the most completed financial year, the Compensation Committee members were Messrs. Hughes, Cass and Ms. Roach. All members of the Compensation Committee are independent.

All members of the Compensation Committee have direct experience which is relevant to their responsibilities as Compensation Committee members. A majority of the members of the Compensation Committee are, or have acted, as a CEO or senior management of a public or private company, and therefore have a good understanding of how compensation works and how to motivate staff. All members have good financial understanding which allows them to assess the costs versus benefits of compensation plans. The members combined experience in the railway or trucking sector provides them with the understandings of the Corporation's success factors and risks which is very important when determining the metrics for measuring success.

The Board appoints the members of the Compensation Committee for the ensuing year at its organizational meeting held in conjunction with each annual general meeting of the Corporation's Shareholders. The Board may at any time remove or replace any member of the Compensation Committee and may fill any vacancy in the committee.

The Compensation Committee meets regularly each year on such dates and at such locations as the Chair of the Compensation Committee determines. The Compensation Committee has access to such officers and employees of the Corporation and to such information respecting the Corporation and may engage independent counsel or advisors at the expense of the Corporation, all as it considers to be necessary or advisable in order to perform its duties and responsibilities.

Assessment of the Board

Prior to the preparation of this Circular the Corporate Governance and Nominating Committee distributed a Board effectiveness assessment to directors. This assessment questions members as to their level of satisfaction with the functioning of the Board, its interaction with management and the performance of the standing committees of the Board. Board members conduct peer reviews and a self assessment regarding their effectiveness as a Board member as part of this assessment process. To ensure the assessment process is candid, the individual assessments are returned on a confidential basis to the Chair of the Corporate Governance and Nominating Committee with a copy to the Corporate Secretary. The results are compiled for the Corporate Governance and Nominating Committee. The Committee reviews and discusses the results and makes recommendations to the Board regarding any action that may be deemed necessary or advisable to ensure the Board continues to function effectively and adequately perform its mandate. The Board aims for a 100% compliance rate for completion of the assessment by directors, which was achieved this year. The peer reviews and self-assessments by Directors are considered as part of the director nomination process.

However, if any other matters that are not known to management should properly come before the Meeting, the accompanying form of proxy confers discretionary authority upon the persons named therein to vote on such matters in accordance with their best judgment.
